

CUT YOUR ENERGY COSTS

Fluorescent Lamp to LED

We are proud to announce that we have the new 15 watt, 120 volt LED Tube light that replaces typical 48 inch Fluorescent Lamps, and is UL approved.

You can retrofit all current current 48 inch Fluorescent Lamp light fixtures in arenas, manufacturing plants, warehouse, stores, offices and more. The payback is approximately 2.5 years.

This lamp saves you money 3 ways.

1. Less energy to light the floor.
2. Less maintenance. LED bulb last approximately 80,000 hours.
3. You do not have to buy a new light fixture and dispose of your current one

Features:

Direct retrofit into standard 48 inch Fluorescent Lamp fixture

High Energy Efficiency

Consumes only 15 watts

Easily replaces 34 watt bulb

Standard warranty
